

ANNUAL REPORT

August 5, 2003

**RURAL VOLUNTEER FIRE DEPARTMENT INSURANCE PROGRAM
 (HB 3667)**

I. OVERVIEW

The Rural Volunteer Fire Department Insurance Program (House Bill 3667) was established in 2001 by the 77th Texas Legislature. The program provides funds to rural volunteer fire departments for the purchase of workers' compensation, death, and disability insurance for firefighters. The program is funded through the Rural Volunteer Fire Department Insurance Fund, which is composed of revenue collected from a two-percent tax on the retail sale of fireworks under Tax Code Chapter 161.

The program is administered by the Texas Forest Service.

II. ACTIVITY

In October of 2002, the Rural Volunteer Fire Department Insurance Program Advisory Committee was appointed. Based upon the Committee's recommendations, Implementation Guidelines for the program were developed and approved in February 2003.

The program issues a flat-rate grant per covered firefighter for the purchase of insurance coverage.

III. STATUS

Funds under this program first became available in September of 2002.

The Texas Forest Service conducted two sign-up periods which were open for 60-days each:

| <u>Enrollment Date</u> <u>March-April 2003</u> | <u>Enrollment Date</u> <u>June-July 2003</u> |
|---|---|
| 131 Fire Departments Approved | 136 Fire Departments Approved |
| 3,344 Firefighters Covered | 3,917 Firefighters Covered |
| \$240,504 in Grant Funds Approved | \$184,847 in Grant Funds Approved |

The attached summary presents the disposition of grant funds in FY 2003.

The Texas Forest Service was authorized to use up to 7% of the fund to administer this program. However, no funds were expended for administration. All funds were disbursed in the form of reimbursement grants to fire departments.

IV. LEGISLATIVE NEED

There is no legislative need at this time.

V. EFFECTIVENESS

This is a highly effective program. In its first year of operation, grants have been issued which have assisted in providing insurance coverage for over 7,261 volunteer firefighters.

Additionally, the Texas Forest Service has been able to build an efficient and streamlined application and awards process for volunteer fire departments.
