

**ANNUAL REPORT
FISCAL YEAR 2009**

**RURAL VOLUNTEER FIRE DEPARTMENT INSURANCE PROGRAM
(HB 3667)**

I. OVERVIEW

The Rural Volunteer Fire Department Insurance Program (House Bill 3667) was established in 2001 by the 77th Texas Legislature. The program provides grants to rural volunteer fire departments to assist in the purchase of workers' compensation, death, and disability insurance for firefighters. The program is funded through the Rural Volunteer Fire Department Insurance Fund (Fund 5066), which is composed of revenue collected from a two-percent tax on the retail sale of fireworks under Tax Code Chapter 161.

The program receives oversight from the HB 3667 Advisory Committee, an appointed body of private citizens. This Committee recommends the annual cost-share rate to be offered based upon revenue forecasts and the forecast enrollment of firefighters.

The program is administered by the Texas Forest Service.

II. ACTIVITY

The budget allocation to the Rural Volunteer Fire Department Insurance Program was estimated at \$850,000 for FY 2009. The actual amount collected by the Rural Volunteer Fire Department Insurance Fund (Fund 5066) during the period 9-1-2008 through 8-31-2009 was \$ 911, 185. 92. The Texas Forest Service has the authority to allocate the total amount collected during the period. Any unused balance is transferred to an unexpended balance forward account maintained by the State Comptroller's Office.

The HB 3667 Advisory Committee recommended providing a maximum grant of \$75 per enrolled firefighter in FY 2009. The grant reimbursed fire departments for actual insurance coverage purchased for their members, not to exceed the grant maximum.

The Texas Forest Service conducted open enrollment beginning in November 2008 and allowed enrollment to remain open through August 31, 2009.

As a pilot project, the Texas Forest Service implemented an accounting and procedural change beginning September 1, 2008. In previous years, fire departments submitted a grant application early in the open enrollment period, were provided written notice of a grant approval, and then submitted their purchase documentation at some later date for reimbursement. Beginning September 1, 2008, the Texas Forest Service began requiring fire departments to submit their purchase documentation and their grant application form at the same time. This procedural change resulted in faster reimbursement for the applicant and reduced the over-encumbrance of grant funds that were not actually needed or used. The pilot project proved to be successful, providing a more accurate accounting of grant funds actually used, reducing slippage, and providing more accurate planning data for administrators and program advisors.

III. STATUS

The following cost-share grants were awarded in FY 2009:

<u>Number of Enrolled Fire Departments</u>	<u>Number of Firefighters Covered</u>	<u>Grant Funds Allocated</u>
357	9,432	\$597,622

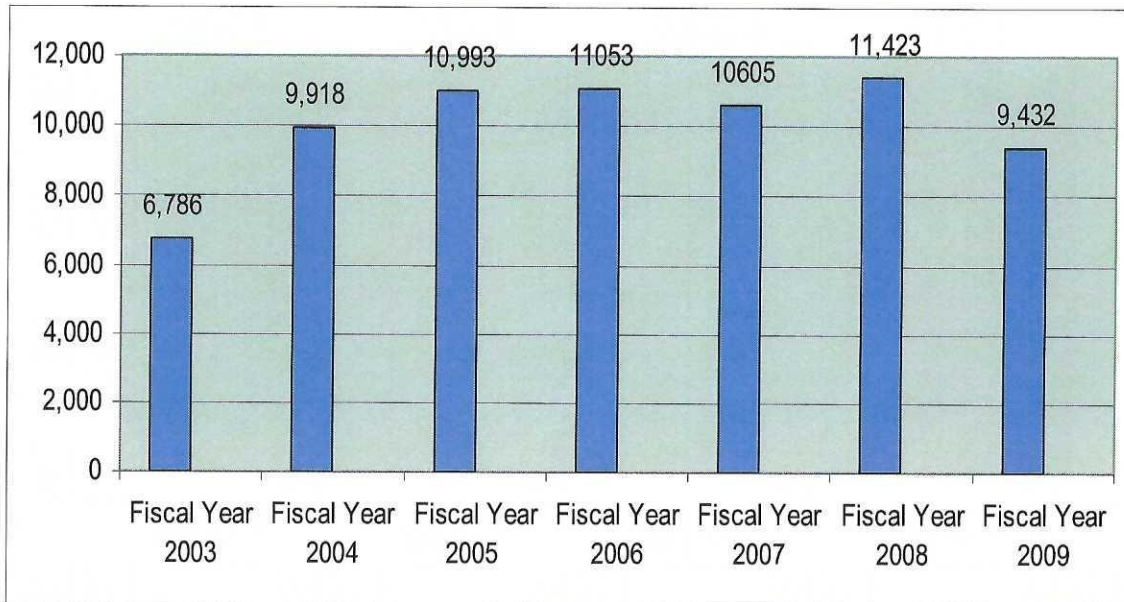

The attached summary presents the individual disposition of grant funds in FY 2009.

IV. PLANS FOR FY 2010

The HB 3667 Advisory Committee has recommended that the reimbursement rate for FY 2010 be set at \$85 per enrolled firefighter. This is an increase of over and above the FY 2009 reimbursement rate. This will be implemented with open enrollment scheduled to begin in December 2010.

V. EFFECTIVENESS

This is a highly effective program. Enrollment has increased from 6,786 enrollees in FY 2003 to 9,432 enrollees in FY 2009. Approximately 25% of all Texas volunteer fire departments apply for and receive grants for purchasing insurance coverage for their members under this program.

Maximum Grant Reimbursement Rate Per Fiscal Year:

FY 2003	\$80.00 per firefighter
FY 2004	\$70.00 per firefighter
FY 2005	\$70.00 per firefighter
FY 2006	\$70.00 per firefighter
FY 2007	\$75.00 per firefighter
FY 2008	\$75.00 per firefighter
FY 2009	\$75.00 per firefighter
